at injury has been inflicted by sold upon independent shippers igh discrimination in the distribution of tank cars.

Open published rates from Whitnito a large part of the United is have given the Standard Oil pany an unfair advantage of from II cents per hundred pounds. This will materially increase their opportunity for competition with the Standard Oil company in that territory. The Interspendent refiners in some markets, shuts them out completely from markets. It is accomplished by use of commodity vales—that is which apply only to periode the former practice and its products—and by refusal to take the principal of commodity rates—that is which apply only to periode the former practice and its products—and by refusal to take principal of commodity employed in that region, the secret CIVE HAVES TWO TOOTS.

A Fifteen Dollar Demonstration

\$30. yes, even at \$25 and \$20 any first-class clothier can furnish a good suit even with the advance in wooilens. But at \$15, has been sold than at all other prices combined—at that price you can't find good clothes in the majority of first-class clothing stores TO-DAY. For that reason we have selected THAT PRICE to demonstrate why the "HOPE" CORNER windows show you at a glance what you can buy for \$15 at the "HOPE" CORNER

Got the Two Toots.

Frank O'Brien, now with a double tow of Padden and Slattery, steamed out of his office at twenty knots and gave Hayes the two-toots, which means "Stand aside, we're going to starboard in a hurry." As they skilded out of the building and headed for a cab in Broadway, Hayes shifted and went to Waldo's office. Again he got the buys signal and left the building with his hat down over his eyes.

"Ant-i-Wet" Worsted Suits.

A showing of the season's newest apparel, both as to color and style of garments. The "Astorr" Sack, for conservative men, as well as the "St. Rejiis" advanced type for the younger man, will appeal to the most critical dresser. The colorings, while radically new, are not garish. Besides, these suits have the additional \$15.

The New Form-Fitting Coats.

These Coats ought to be called "chameleon coats," after that "crittur" which changes its color at every turn. Claimed and named by each clothier it is still the same "chameleon. Notable examples, mostly gravish tones, with velvet collars to match; Coats that will appear to you at a glance, but more so when \$15. Coats that will appeal to you you try them on.

"Ant-i-Wet" The Best Rain Coats.

The word "best" is easily applied Our Rain Coats stand in a class by themselves, absolutely rainproof, fab rics exclusive, workmanship thoroughly good AND THE TRADE MARK "ANT-I-WET" APPEARS ON GOOD CLOTHES ONLY. No other Rain Coats possess such merits, hence Ant-I-Wel \$15.
